### And What Have You

By BOB CRAIG

Another Homecoming has come and gone and again it would seem to have been a huge success. The parade was exceptional with some very professional looking floats.

But what happened to the Pipers Saturday night? That seemed to be the question everyone was asking after their poor showing against Clyde.

It is our opinion that their big mistake was playing on Saturday night instead of Friday. There are just too many activities on a Homecoming weekend here for the boys to play a good game by Saturday night.

With nearly everyone in high school involved with at least one float, and most of them two, the parade becomes such a big thing that when it is over there is a big let down for nearly everyone.

It would seem to us a whole lot better to play the game on Friday night and save Saturday night for the exes to visit together, since that is what they come home for anyway.

One of the reasons for playing on Saturday is supposed to be a bigger gate, but with an exhibition like this one the attendance in future games will probably fall off to the point that the net result will likely be lower gate receipts for the season.

We only hope that after the showing the Pipers have made the past two years on Homecoming that this will be the last time they will try playing on Saturday.

The boys have a much better team than they showed here Saturday and in fact they have a better team than their won-lost record would show.

The warm-up practice season is over and they host Colorado City here Friday night in the opening of district action. In reality, the season is just starting and what has happened in the past counts for naught and the results of the next five games is all that matters.

With a little luck and whole lot of team effort the Pipers have as good a chance of coming out on top in the district as any of the teams.

Since cotton is still a very important factor in our area's economy the Rolling Plains Cotton Growers Association is trying to emphasize the need for better quality.

As part of this program they are trying to determine the true spinning value of Rolling Plains cotton by entering into an agreement with the Texas Tech Textile Research Laboratory.

The different varieties grown in the Rolling Plains will be compared as well as other practices. According to Charles Stenholm, executive vice president of the RPCG, there are certain features of Rolling Plains Cotton that are highly desirable.

Stenholm says that our cotton is not as bad as California would have the general public believe. "We hope to prove this fact and publicize it fully by our findings at Texas Tech. If we can't prove that our cotton has desirable quality, we hope to impress on our farmers the need for improvement."

The RPCG organization is also pushing for an area wide effort to control the boll weevil in 1967. Damage in the Rolling Plains this year due to the boll weevil is estimated at 10 million dollars. In Jones County alone, one of the largest cotton producing counties, damage is estimated at between 15 and 20 thousand bales.

If you want to see a pretty good show Saturday morning go out to the football field and watch the annual Punt, Pass and Kick contest.

This contest takes on real importance to these young boys and they work at it with the energy that only boys of that age possess.

The Texas Highway Department has just released a fine 176-page "Texas Travel Handbook" that contains more than 1,500 specific sites of interest for tourists.

Unfortunately since we would seem to be a little short on tourist attractions around here, Hamlin is not listed in the book.

## Pipers to Open District Friday

The Pied Pipers will open their District 5-AA campaign here Friday night at 7:30 when they host the Colorado City Wolves. The Pipers will also be out to avenge a 28-18 loss last year to the Wolves.

The Wolves opened their season strong this year, winning their first three games but have lost in their last two outings. They hold wins over Roscoe, Coahoma and Sweetwater and have lost to Brady and Bullinger.

Coach Joe Youngblood reported Wednesday afternoon that the Pipers will go into their first district game with a number of key injuries, with seven boys on the injured list Wednesday.

Youngblood said that he hoped that most of them would see at least limited action Friday night.

On the injured list were Larry McCoy with a mild concussion, Joe Adams with a broken nose, Lewis Shelton and Philip Simpson with bad knees, Ismael Mendoza with a groin injury, and Paul Long and Mike Murphree with bad backs.

If they are not ready Friday, Youngblood expects to use Raul Solis in place of Larry McCoy, Doug Carlton in place of Adams at end, and Jim Bonds in place of Shelton at the other end.

Either Adams or Simpson are expected to be ready to go at halfback.

Coach Truman Nix's squad stays on the ground for most of their offense with Donnie Higginbotham, their 175 pound fullback, being their top ground gainer. Higginbotham carried the ball 18 times last year against the Pipers and picked up 104 yards and two touchdowns.

In their contest last year the Pipers gained 128 yards on the ground and 109 yards

in the air while the Wolves stayed on the ground for 222 yards, picking up only six in the air.

Probable starters for the Wolves will be Glen Nix, 130 pounds, at quarterback; Higginbotham at fullback; Dan Steakley, 160 pounds, at halfback; and Bubba Kennedy, 150 pounds, at wingback.

In the line will be Jerry Franks, 190 pounds, at right end; Sammy Parham, 170 pounds, at right tackle; Robert Matthews, 195 pounds, at

center; Gary Parker, 170 pounds, at left guard; John Hill, 180 pounds, at left tackle; and Riley Tilley, 165 pounds, at left end.

The Haskell Freshmen game scheduled for tonight has been cancelled by Haskell because of injuries and the Freshmen will be combined with the B Team for this 7:30 encounter.

The Eighth grade will host Anson here Tuesday night at 7:00 for the start of their second round of district play.

## FAIRVIEW NEWS...

By Mrs. Elmer Joiner

Another week has passed, another rain fell last Tuesday and Tuesday night, but another Monday morning has dawned with a zippy, cool norther and the sun shining, just making ideal working weather. The farmers are all at it this morning, some doing one thing and some another, but you can bet one thing they are doing something. The combines can start again, in fact the rain didn't stop them too long, all those not having their early wheat sown will be getting that task done.

The most unusual thing about fall is that although October is a third gone, no one is gathering cotton. Some of the fields have fine pulling open, but considering how high pulling is and how cheap cotton is, there is only one answer, machine gathering. Farmers cannot raise cheap cotton, and stay in the fight, and hire it hand pulled, although it puts thousands of people on the relief rolls.

It seems that news is very scarce this Monday morning, still staying pretty close to home myself, just don't seem to learn much. There is just one word of advice I could pass on to all that read this, if you are thinking that you are having too much work to do and feeling sorry for yourself, maybe the idea might enter your head that if you had an operation you could just have one long rest. My advice is keep working and be thankful that you are able to do so, vacations gained that way are just a lot of hokey.

Mr. and Mrs. Woodrow Goodwin visited last Tuesday afternoon, in Anson Hospital, with his brother Floyd Goodwin, who lives south of Anson.

Mrs. E. A. Henry was a Friday afternoon visitor of Mrs. Flavil Holmes.

Mr. and Mrs. Marvin Johnson, Bruce and Barry, came

### MISSIONARY BAPTIST PRACTICES AND BELIEFS

We believe that Christ Himself established a visible church during His personal ministry on earth. That He gave the Church the Great Commission as found in Matt. 28:19-20 for the purpose of evangelizing the world. The Calvary Baptist Church is interested in the salvation of lost souls. The Bible does not teach that we are to be concerned only with foreign missions, but we are to "Witness BOTH in Jerusalem, and in all Judia, and in all the uttermost parts of the earth." The Calvary Baptist Church, NW Ave. G and 5th Streets invite you to attend our services, investigate our doctrines, and unite with us to carry the gospel. Call Carrell Watkins, Pastor, Calvary Baptist Church. SP 4-1792. (Adv.)

down from Amarillo, for the homecoming and to visit with their parents. It seems that it was the Sunday for them to go to church with Mr. and Mrs. Johnson, but Mrs. Johnson invited the Winsons Grays over for lunch, so they all had a nice visit.

Mr. and Mrs. H. L. Ford, Spencer and Diane, ate lunch with Mr. and Mrs. Joe Ford Sunday. Is so good to see Mrs. Ford able to be back in morning services again. We missed her.

Mrs. Henry is very upset over her doctor being called into service. Dr. Knox Pittard of Anson, will go to California, then on to Viet Nam.

Sonny Joiner, San Antonio, spent most of Saturday and Saturday night with his brother, Mr. and Mrs. Elmer Joiner, when he wasn't at some of the homecoming activities. He left Sunday morning for Lubbock, to visit his sister, Mrs. Henry Kee, for a few days.

Buck Joiner, Odessa, was a visitor Sunday afternoon, with his parents, but he and his uncle Sonny missed each other all around.

Friday, Woodrow Goodwin, accompanied his nephew Goodwin Hale, Crosbyton, to Dallas on business. An aunt, Mrs. Bryan Goodwin, Anson, went home with him.

Since some of the folks out our way wanted to visit church in town Sunday night, the training union services were not held. Mr. and Mrs. Winsor Gray, Woodrow Goodwin and Joe Fords, visited the First Baptist, in Hamlin.

We come to the part that we know lots of people are looking for, what did we do Sunday morning concerning our church? I would like to answer that with a question, did you ever think you were ready to disband a church that you have loved a lifetime?

When trials come up it just draws people closer together, so when we heard of a preacher that would come preach for up next Sunday, we decided maybe it was the Lord's way of telling us to wait, even though we are small in number we aren't willing to go down yet, without a fight. We have come to this place before and something always happened. I asked those that loved our church to pray for us, and we decided that there must be a lot of people praying somewhere, for we just couldn't see quitting yet. Keep on remembering us, that we may work this thing out and keep functioning as a church.

Mrs. Alma Holmes was a visitor in church Sunday, with her children the Flavil Holmes. Almost forgot to add that as far as we know now, there will be preaching next Sunday, both services, be in your places, we aren't licked yet!

## Cooper to Host College Night for Area Seniors Tues.

Senior students of Hamlin High School who are planning to go to college, and the parents of these students, will have an opportunity to meet and talk with representatives from various colleges at a College Night program at Cooper High School on Tues. Oct. 18, at 7:30 p. m.

Letters have been sent to the principals of high schools within a fifty mile radius of Abilene issuing an invitation to the college-bound seniors and their parents to attend this meeting.

Representatives from thirty colleges, universities, and junior colleges will participate in College Night. Each student and parent will have an opportunity to attend three different discussion groups to obtain information about three different colleges in which they are interested.

The college representatives will discuss such matters as entrance requirements, application procedure, estimated yearly cost, courses of study or fields of specialization offered, type of housing available, financial aid, and opportunities for social development.

College Night is being sponsored by the Parents Clubs of Abilene High School and Cooper High School for the purpose of giving area seniors able, financial aid, and opportunity to secure first-hand information about colleges early in their senior year.

## A Radiant CLEAN LIFE

The housewife cleans her home until it shines with a radiance that gives contentment and joy to those who view it.

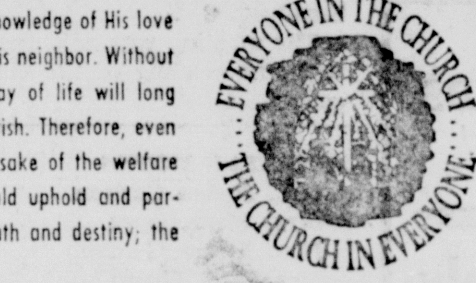

It pleases God to see our lives clean and wholesome. We all need help, to keep our lives clean. David prayed to God for help in this matter.

"Create in me a clean heart, O God; and renew a right spirit within me."

Lean upon the Lord. Seek his help and he will not deny it. Attend church this Sunday and let your life be centered in the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## A Little Voice Goes a Long Way

There was a time, long ago, when it took real lung-power to make yourself heard on the telephone. And you had to listen closely to make out what the other party said. The problem was transmission—getting your voice from here to there. Today, it's easy to hear and be heard. In fact, tots and telephones get along fine, whether it's a

Long Distance call from grandmother across the country or just a chat with a youngster down the street. That's because a little voice goes a long way—clearly and distinctly. Continual improvement in the transmission of your voice is one way Southwestern Bell makes your telephone service—already the world's best—even better.

### County Tax Office Now Taking Applications to Register to Vote

Applications to register as a voter are now being accepted in Jones County Tax Collector's office but registration certificates are not yet available. A. J. French, collector said.

Normally, French said, an application for a poll tax was printed on the back side of the property tax notice. However, this application does not appear on these notices and blanks must be obtained from the tax office, or, at a later date, from sub stations over the county.

One change this year has to do with "overs," that is, voters who are exempt as the result of having reached their 60th birthday.

The new law provides that citizens who become 60 on the day of election may vote without having registered. Previously, the age of 60 has to be reached before Jan. 31.

Residents of cities having a population of 10,000 or more are not exempt from registering. Only those few people who live in the area of Fort

Phanton Lake, which is included in the city limits of Abilene, come in that category.

Young people who become 21 after Jan. 31, have until 30 days before election day to register and qualify to vote, French said.

Last Monday the juniors and seniors called off their car wash because of rain. Plans are being made to have it at a latter date.

Last Tuesday the M. H. S. students ran through the rain to get from class to class just to prepare for six weeks exams.

The M. H. S. student body started the first school news-

paper Wednesday. We had it out by Thursday evening. We think we did a good job, thanks to Mrs. Z. Enck, our English teacher.

Thursday was a busy day for McCaulley. Six weeks exams started. That night, Junior high played Hobbs here. One of the main players, James Griffin, did not play, and we did not have much luck either. We lost 27-0.

Friday night's football game

was called off. Being the last day of exams, the girls P. E. class played records and ate watermelons on the stage. A watermelon fight followed. Our coach and principal made us clean up the stage and take the melon rinds to the pigs. Besides getting in trouble, we had fun.

Debbie McCright and David Estes were chosen as sophomore favorites. Lana Acklin and Rickey Jeffery are favorites of the Junior Class.

McCaulley F. F. A. elected officers as follows: president,

Bobby Smith; vice president, Adolfo Guerra; secretary, Rickey Jeffery; treasurer, Harvey Dixon; reporter, Spurlon Harris; sentinel, Randy Kelly. Sue Smith is chapter sweetheart.

# JOE HUDSPETH'S

111 S. E. AVE A

SP 4-1655

Continued from page 1 evening were Mrs. Joe E. Ford, ex-student queen, and Margaret Ann Johnson, high school queen.

Mrs. Ford, the former Jo Ann Johnson, was graduated with the Class of 1949. James Wright, immediate past president of the ex-student Association, presented her crown.

Margaret Ann, a senior, is the daughter of Mr. and Mrs. W. T. Johnson. She is Student Council secretary; National Honor Society vice president; Piper editor; band drum major, a member of FHA and Lion Club Sweetheart.

Robert Moore, president of the Student Council and member of the Pied Piper football squad, crowned Margaret Ann.

Other high school nominees were Helen Moore, Pam Holtz and Vicki Newland.

Ex-student nominees were Mrs. Roy Rutherford of Hamlin and Mrs. Gene Greenway of Hobbs, N. Mex.

A coffee in the gym followed the Hamlin-Clyde football game.

## Students Trying to Settle Down After Busy Homecoming Week

By Beth Craig  
Helen Moore  
Tommy Oliver

After such a busy week, it is hard to settle down. Everything seemed to happen at once. With six weeks tests and Homecoming, no one had much time.

All seem to be happy with the parade results. In the open school division the Juniors won first. Second place went to the Seniors, and third was given to the Freshmen. The Sophomore Class won first in the high school beauty division. The FFA won second. Spanish Club received third, and the FHA was given fourth.

Margaret Ann Johnson was a very happy senior Saturday night. She was chosen Homecoming Queen by the student body. Robert Moore, president

of the Student Body, placed her crown, and in answer to the question in the Green Door, Robert did kiss Margaret Ann. Three other senior girls were nominated for this honor, they are Pam Holtz, Helen Moore and Vicki Newland.

The bonfire Friday night was hot, but successful. Many ex-students attended the annual affair.

Ex-student National Honor Society members attended the annual coffee in the Homecoming Department Saturday morning. Hosting the event were present members and their sponsor.

Following the Ex-student Association business meeting former homemaking students attended the FHA tea. FHA officers served, wearing their new red blazers and white skirts.

Last week did not seem to go Hamlin's way in football. The junior high eighth grade team lost their game to Haskell, 30-0; the B team and Freshmen lost to Anson, 6-0; and Clyde beat Hamlin 28-0. We hope this week will be better for all and if we all pull together, it will.

New students being recognized this week are Kathleen Hymer and Debbie Tucker.

Kathleen, a sophomore, moved here from Florida where she had attended Redland Junior High School. Her hobbies are swimming and dogs. Her parents are Mr. and Mrs. Dan W. Hymer. He is retired from the Air Force and is employed at Style Cleaners.

Debbie, a freshman, moved here from Anson. She is the daughter of Mr. and Mrs. Otis Tucker. Her father is with Oilwell Supply and her mother works at the Anson Flower and Gift Shop.

## State Welfare Department to Aid County In Remodeling Building

Jones County will receive help to the extent of several thousand dollars in remodeling one of the buildings they bought recently for office space in Anson.

James Y. Allen, business manager for the Texas Department of Public Welfare, told the Commissioners court Monday that his department would remodel one of the buildings to be used as a welfare office. This will be the south 25-foot space of the building located on the north-west corner of the square.

Allen said it is customary for the state to remodel building interiors. This will include the entrance and the heating. He estimated that the cost might run as high as \$8,000. First step, he said, was to employ an architect. Appointment of this man is made by the governor.

The official estimated that six to nine months may be necessary to complete the work, depending upon how quickly the architect is named and the work is outlined.

Allen said the state would supply the heating system of a size sufficient to heat the two buildings but that the county would have to supply the cooling system inasmuch as it would be kept outside the building and he was limited to interior remodeling. He suggested a colonial style front so that the building would not look like a business location.

The other building will be remodeled by the county and equipped to handle the surplus foods distribution center.

Allen told the commissioners that another employee probably would be added to the Anson welfare office shortly, bringing the total to four.

The building was bought so that office space in the courthouse could be re-arranged in order to provide additional working area for the tax collector.

In other action Monday, commissioners payment of \$3,000

to West Texas Utilities Co. for moving 65 utility poles in the right of way for Farm Road 1226, running south of Funs-ton.

County Judge Leon Thurman was authorized to transfer a small tract of land near the Stamford Oil Mill to the Katy Railroad. It was explained that this was an exchange with the railroad yielding some of their property when the highway was re-routed this spring.

The City of Lueders will be told that the county at this time can not allocate a deputy sheriff to their community. In a letter, from the city secretary Lucille Crow, it was asked that the county give serious consideration to having a deputy sheriff assigned to that city.

Every area in the county would like to have the county supply a deputy sheriff. We can't do it for one unless we did it for all and we can not afford that, one of the commissioners said.

### Hamlin to Host County Teachers Meeting Monday

Hamlin will host the Monday evening meeting of the Jones County Teachers Association in the high school auditorium, according to Van Rutherford of Noodle-Horn School, president.

More than 200 teachers and administrators are expected to convene at 7:30 p.m.

The speaker will be Curtis H. Nixon, field representative for Texas State Teachers Association. A former classroom teacher from Dallas, he joined the staff of TSTA Jan. 1. He received his B. S. and M. Ed Degrees from North Texas State University.

Nixon was a science teacher at Benjamin Franklin Junior for the past six years. He was selected this past year to serve on the steering commit-

tee to formulate a constitution, and establish a science organization for the science teachers of Dallas. He was also active in professional work, having served as a delegate to district, state, and national meetings.

Tim Jones, local band director, will be in charge of the

entertainment.

The Hamlin Homemaking Department will serve refreshments.

Mr. and Mrs. Avery Jerrell

of Cedartown, Ga., and Mr. and Mrs. Claud Lyle of Carrollton, Ga., visited in the home of Mr. and Mrs. Mack Perdue and Mrs. Erma Hall last week.

## NEWS AND VIEWS . . .

### And What Have You

By BOB CRAIG

Another Homecoming has come and gone and again it would seem to have been a huge success. The parade was exceptional with some very professional looking floats.

But what happened to the Pipers Saturday night? That seemed to be the question everyone was asking after their poor showing against Clyde.

It is our opinion that their big mistake was playing on Saturday night instead of Friday. There are just too many activities on a Homecoming weekend here for the boys to play a good game by Saturday night.

With nearly everyone in high school involved with at least one float, and most of them two, the parade becomes such a big thing that when it is over there is a big let down for nearly everyone.

It would seem to us a whole lot better to play the game on Friday night and save Saturday night for the exes to visit together, since that is what they come home for anyway.

One of the reasons for playing on Saturday is supposed to be a bigger gate, but with an exhibition like this one the attendance in future games will probably fall off to the point that the net result will likely be lower gate receipts for the season.

We only hope that after the showing the Pipers have made the past two years on Homecoming that this will be the last time they will try playing on Saturday.

The boys have a much better team than they showed here Saturday and in fact they have a better team than their won lost record would show.

The warm-up practice season is over and they host Colorado City here Friday night in the opening of district action. In reality, the season is just starting and what has happened in the past counts for naught and the results of the next five games is all that matters.

With a little luck and whole lot of team effort the Pipers have as good a chance of coming out on top in the district as any of the teams.

Since cotton is still a very important factor in our area's economy the Rolling Plains Cotton Growers Association is trying to emphasize the need for better quality.

As part of this program they are trying to determine the true spinning value of Rolling Plains cotton by entering into an agreement with the Texas Tech Textile Research Laboratory.

The different varieties grown in the Rolling Plains will be compared as well as other practices. According to Charles Stenholm, executive vice president of the RPCG, there are certain features of Rolling Plains Cotton that are highly desirable.

Stenholm says that our cotton is not as bad as California would have the general public believe. "We hope to prove this fact and publicize it fully by our findings at Texas Tech. If we can't prove that our cotton has desirable quality, we hope to impress on our farmers the need for improvement."

The RPCG organization is also pushing for an area wide effort to control the boll weevil in 1967. Damage in the Rolling Plains this year due to the boll weevil is estimated at 10 million dollars. In Jones County alone, one of the largest cotton producing counties, damage is estimated at between 15 and 20 thousand bales.

If you want to see a pretty good show Saturday morning go out to the football field and watch the annual Punt, Pass and Kick contest.

This contest takes on real importance to these young boys and they work at it with the energy that only boys of that age possess.

The Texas Highway Department has just released a fine 176-page "Texas Travel Handbook" that contains more than 1,500 specific sites of interest for tourists.

Unfortunately since we would seem to be a little short on tourist attractions around here, Hamlin is not listed in the book.

## Pipers to Open District Friday

The Pied Pipers will open their District 5-AA campaign here Friday night at 7:30 when they host the Colorado City Wolves. The Pipers will also be out to avenge a 28-18 loss last year to the Wolves.

The Wolves opened their season strong this year, winning their first three games but have lost in their last two outings. They hold wins over Roscoe, Coahoma and Sweetwater and have lost to Brady and Ballinger.

Coach Joe Youngblood reported Wednesday afternoon that the Pipers will go into their first district game with a number of key injuries, with seven boys on the injured list Wednesday.

Youngblood said that he hoped that most of them would see at least limited action Friday night.

On the injured list were Larry McCoy with a mild concussion, Joe Adams with a broken nose, Lewis Shelton with bad knees, Ismael Mendoza with a groin injury, and Paul Long and Mike Murphree with bad backs.

If they are not ready Friday, Youngblood expects to use Raul Solis in place of Larry McCoy, Doug Carlton in place of Adams at end, and Jim Bonds in place of Shelton at the other end.

Either Adams or Simpson are expected to be ready to go at halfback.

Coach Truman Nix's squad stays on the ground for most of their offense with Donnie Higginbotham, their 175 pound fullback, being their top ground gainer. Higginbotham carried the ball 18 times last year against the Pipers and picked up 104 yards and two touchdowns.

In their contest last year the Pipers gained 128 yards on the ground and 109 yards

in the air while the Wolves stayed on the ground for 222 yards, picking up only six in the air.

Probable starters for the Wolves will be Glen Nix, 130 pounds, at quarterback; Higinbotham at fullback; Dan Steakley, 160 pounds, at halfback; and Bubba Kennedy, 150 pounds, at wingback.

In the line will be Jerry Franks, 190 pounds, at right end; Sammy Parham, 170 pounds, at right tackle; Robert Matthews, 195 pounds, at

center; Gary Parker, 170 pounds, at left guard; John Hill, 180 pounds, at left tackle; and Riley Tilley, 165 pounds, at left end.

The Haskell Freshmen game scheduled for tonight has been cancelled by Haskell because of injuries and the Freshmen will be combined with the B Team for this 7:30 encounter.

The Eighth grade will host Anson here Tuesday night at 7:00 for the start of their second round of district play.

## FAIRVIEW NEWS...

By Mrs. Elmer Joiner

Another week has passed, another rain fell last Tuesday and Tuesday night, but another Monday morning has dawned with a zippy, cool norther and the sun shining, just making ideal working weather. The farmers are all at it this morning, some doing one thing and some another, but you can bet one thing they are doing something. The combines can start again, in fact the rain didn't stop them too long, all those not having their early wheat sown will be getting that task done.

The most unusual thing about fall is that although October is a third gone, no one is gathering cotton. Some of the fields have fine pulling open, but considering how high pulling is and how cheap cotton is, there is only one answer, machine gathering. Farmers cannot raise cheap cotton, and stay in the fight, and hire it hand pulled, although it puts thousands of people on the relief rolls.

It seems that news is very scarce this Monday morning, still staying pretty close to home myself, just don't seem to learn much. There is just one word of advice I could pass on to all that read this, if you are thinking that you are having too much work to do and feeling sorry for yourself, maybe the idea might enter your head that if you had an operation you could just have one long rest. My advice is keep working and be thankful that you are able to do so, vacations gained that way are just a lot of hokey.

Mr. and Mrs. Woodrow Goodwin visited last Tuesday afternoon, in Anson Hospital, with his brother Floyd Goodwin, who lives south of Anson.

Mrs. E. A. Henry was a Friday afternoon visitor of Mrs. Flavil Holmes.

Mr. and Mrs. Marvin Johnson, Bruce and Barry, came

### MISSIONARY BAPTIST PRACTICES AND BELIEFS

We believe that Christ Himself established a visible church during His personal ministry on earth. That He gave the Church, the Great Commission as found in Matt. 28:19-20 for the purpose of evangelizing the world. The Calvary Baptist Church is interested in the salvation of lost souls. The Bible does not teach that we are to be concerned only with foreign missions, but we are to "Witness BOTH in Jerusalem, and in all Judia, in Samaria, and unto the uttermost parts of the earth." The Calvary Baptist Church, NW Ave. G and 5th Streets invite you to attend our services, investigate our doctrines, and unite with us to carry the gospel. Call Carrell Watkins, Pastor, Calvary Baptist Church. SP 4-1792. (Adv.)

down from Amarillo, for the homecoming and to visit with their parents. It seems that it was the Sunday for them to go to church with Mr. and Mrs. Johnson, but Mrs. Johnson invited the Winsons Grays over for lunch, so they all had a nice visit.

Mr. and Mrs. H. L. Ford, Spencer and Diane, ate lunch with Mr. and Mrs. Joe Ford Sunday. Is so good to see Mrs. Ford able to be back in morning services again. We missed her.

Mrs. Henry is very upset over her doctor being called into service. Dr. Knox Pittard of Anson, will go to California, then on to Viet Nam.

Sonny Joiner, San Antonio, spent most of Saturday and Saturday night with his brother, Mr. and Mrs. Elmer Joiner, when he wasn't at some of the homecoming activities. He left Sunday morning for Lubbock, to visit his sister, Mrs. Henry Kee, for a few days.

Buck Joiner, Odessa, was a visitor Sunday afternoon, with his parents, but he and his uncle Sonny missed each other all around.

Friday, Woodrow Goodwin, accompanied his nephew Goodwin Hale, Crosbyton, to Dallas on business. An aunt, Mrs. Bryan Goodwin, Anson, went home with him.

Since some of the folks out our way wanted to visit church in town Sunday night, the training union services were not held. Mr. and Mrs. Winson Gray, Woodrow Goodwin and Joe Fords, visited the First Baptist, in Hamlin.

We come to the part that we know lots of people are looking for, what did we do Sunday morning concerning our church? I would like to answer that with a question, did you ever think you were ready to disband a church that you have loved a lifetime? When trials come up it just draws people closer together, so when we heard of a preacher that would come preach for up next Sunday, we decided maybe it was the Lord's way of telling us to wait, even though we are small in number we aren't willing to go down yet, without a fight. We have come to this place before and something always happened. I asked those that loved our church to pray for us, and we decided that there must be a lot of people praying somewhere, for we just couldn't see quitting yet. Keep on remembering us, that we may work this thing out and keep functioning as a church.

Mrs. Alma Holmes was a visitor in church Sunday with her children the Flavil Holmes. Almost forgot to add that as far as we know now, there will be preaching next Sunday, both services, be in your places, we aren't licked yet!

## Cooper to Host College Night for Area Seniors Tues.

Senior students of Hamlin High School who are planning to go to college, and the parents of these students, will have an opportunity to meet and talk with representatives from various colleges at a College Night program at Cooper High School on Tues. Oct. 18, at 7:30 p. m.

Letters have been sent to the principals of high schools within a fifty mile radius of Abilene issuing an invitation to the college-bound seniors and their parents to attend this meeting.

Representatives from thirty colleges, universities, and junior colleges will participate in College Night. Each student and parent will have an opportunity to attend three different discussion groups to obtain information about three different colleges in which they are interested.

The college representatives will discuss such matters as entrance requirements, application procedure, estimated yearly cost, courses of study or fields of specialization offered, type of housing available, financial aid, and opportunities for social development.

College Night is being co-sponsored by the Parents Clubs of Abilene High School and Cooper High School for the purpose of giving area seniors able, financial aid, and opportunity to secure first-hand information about colleges early in their senior year.

Mr. and Mrs. Felton West had as their guests during Homecoming, a daughter and her family from Denton, Mr. and Mrs. Joe Craft and Minyon D-Ann. Sunday guests were another daughter and family, Mr. and Mrs. J. W. Turner, Sue, John, Wayne and David of Hamlin.

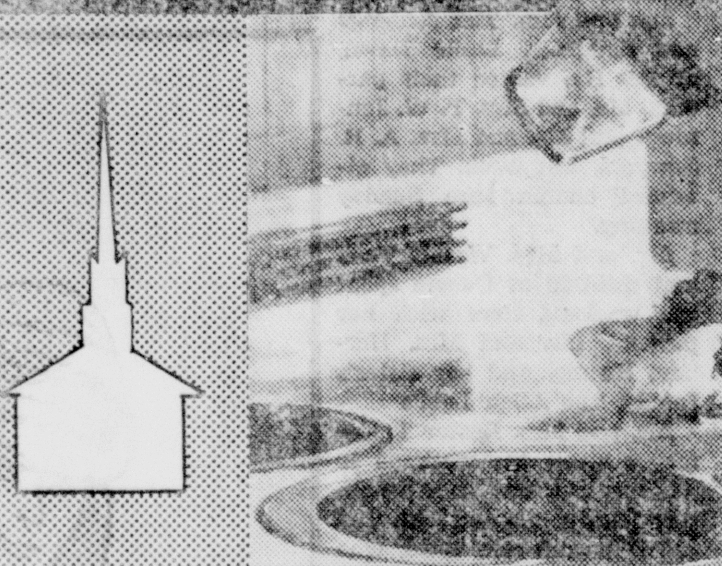

## A Radiant CLEAN LIFE

The housewife cleans her home until it shines with a radiance that gives contentment and joy to those who view it.

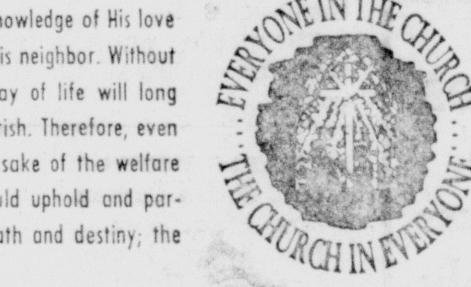

It pleases God to see our lives clean and wholesome. We all need help, to keep our lives clean. David prayed to God for help in this matter.

"Create in me a clean heart, O God; and renew a right spirit within me."

Lean upon the Lord. Seek his help and he will not deny it. Attend church this Sunday and let your life be centered in the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

# Pipers Swamped by Clyde, 28-0, Here Saturday, Fumbles Hurt

The Pipers came out on the short end of their battle with Homecoming and Clyde Saturday night as they were swamped, 28-0.

The fumble bug hit the Pipers early and they never could seem to find their offense and it took two periods before they put enough defense together to stop the Clyde passing attack.

The Bulldogs from Clyde scored in the first period after recovering the second Piper fumble and added three more in the second period. They picked up a two point

which abuts upon the following streets, to-wit:

NW Ave. D between NW 3rd and NW 5th Street  
NW Ave. E between W. Lake Drive and NW 5th Street  
NW 3rd St. between NW Ave. D & NW Ave. E  
NW 5th St. between NW Ave. D & NW Ave. E  
SW Ave. F between SW 1st & SW 4th Street.

**Total Cost: \$40,538.23**  
Cost per front foot:  
Paving & curb & gutter \$5.90  
No assessment made where usable curb and gutter exists.

A public hearing will be held at the City Hall at 7:30 P. M. on Monday October 24th, 1966, at which time all interested property owners, their agents or attorneys will be accorded a full and fair hearing of all matters with reference to the proposed assessment, and said hearing shall continue until all present have been fully heard.

Issued this the 28th day of September 1966.

safety in the third to round out their scoring.

The Bulldogs took to the air to tally their first three touchdowns and then scored their final one on the ground.

The Pipers moved down to the Bulldog 26 in the first period after Joe Adams intercepted a Clyde aerial but missed on their fourth down try. Late in final period the Pipers gave up the ball on the Bulldog 35 after having two passes go incomplete.

The Pipers fumbled on their opening play, but then threw the Bulldogs for a 10 yard loss in two plays and forced them to punt. But on their second play from their own 20 they fumbled again and were not able to hold the Bulldogs.

After moving down to the eight, Clyde Quarterback Cecil Eager connected with his lone-some end, David Poe for the score.

The Bulldogs drove 74 yards in eight plays to score early in the second period with most of the yardage coming on pass plays, including the scoring play. Eager connected with his other lonesome end, Jim Paylor, this time for the score. The play was good for 10 yards.

The Bulldogs scored again in the second period with less than three minutes left on the clock with a 46 yard drive. Eager passed to Paylor for 40 yards for the tally. He passed to Pope for the two points.

The Bulldogs put six more points on the scoreboard before the half after intercepting a Piper pass on the Hamlin 21. This time Sammy Ramos carried up the middle for the 21 yards and the score. The Pipers stopped a third

## A Little Voice Goes a Long Way

There was a time, long ago, when it took real lung-power to make yourself heard on the telephone. And you had to listen closely to make out what the other party said. The problem was transmission—getting your voice from here to there. Today, it's easy to hear and be heard. In fact, tots and telephones get along fine, whether it's a

## County Tax Office Now Taking Applications to Register to Vote

Applications to register as a voter are now being accepted in Jones County Tax Collector's office but registration certificates are not yet available. A. J. French, collector said.

Normally, French said, an application for a poll tax was printed on the back side of the property tax notice. However, this application does not appear on these notices and blanks must be obtained from the tax office, or, at a later date, from sub-stations over the county.

One change this year has to do with "overs", that is, voters who are exempt as the result of having reached their 60th birthday.

The new law provides that citizens who become 60 on the day of election may vote without having registered. Previously, the age of 60 has to be reached before Jan. 31.

Residents of cities having a population of 10,000 or more are not exempt from registering. Only those few people who live in the area of Fort

## FROM THE EAGLE'S BEAK...

By Jeanne Acklin  
Linda Spalding

Last Monday the juniors and seniors called off their car wash because of rain. Plans are being made to have it at a latter date.

Last Tuesday the M. H. S. students ran through the rain to get from class to class just to prepare for six weeks exams.

The M. H. S. student body started the first school news-

paper Wednesday. We had it out by Thursday evening. We think we did a good job, thanks to Mrs. Z. Enck, our English teacher.

Thursday was a busy day for McCaulley. Six weeks exams started. That night, Junior high played Hobbs here. One of the main players, James Griffin, did not play, and we did not have much luck either. We lost 27-0.

Friday night's football game

was called off.

Being the last day of exams, the girl's P. E. class played records and ate watermelons on the stage. A watermelon fight followed. Our coach and principal made us clean up the stage and take the melon rinds to the pigs. Besides getting in trouble, we had fun.

Delzie McCright and David Estes were chosen as sophomore favorites. Lana Acklin and Rickey Jeffery are favorites of the Junior Class.

McCaulley F. F. A. elected officers as follows: president,

Bobby Smith; vice president, Adolfo Guerra; secretary, Rickey Jeffery; treasurer, Harvey Dixon; reporter, Spurlon Harris; sentinel, Randy Kelly. Sue Smith is chapter sweetheart.

Ann Kemp came home this weekend, and has returned to college again. We all miss her and wish her luck in her freshman year at Texas Tech.

Guests in the home of Mr. and Mrs. Ira Green over the weekend were Mr. and Mrs. Loss Story and Mike of Anson,

Mr. and Mrs. Bobby Green and family of Irving, Mr. and Mrs. Charles Green of Dallas, Mr. and Mrs. Glenn Posey and family of Rotan, Mrs. W. T. Suddeth of Odessa, Mrs. Billy Acklin and family of Abilene, Mr. and Mrs. Jones Palmer of Levelland and Mr. and Mrs. Mack Sellers and family of Hamlin.

## Former Resident Dies Sunday

Mrs. J. E. Franklin Jr. died in Gainesville Sunday evening. She was the former Susiebel

Tye, daughter of the late Mr. and Mrs. John P. Tye who formerly lived in Hamlin.

Services were held in Crowell Tuesday afternoon.

Survivors are her husband, two daughters and one son.

Mrs. Franklin was a niece of Lennie and Roscoe Greenway of Hamlin who attended her funeral at Crowell.

Mrs. Ira Green honored her daughter, Mrs. W. T. Suddeth of Odessa, and her uncle, D. M. Holden, with a birthday dinner Tuesday. Mrs. Myrtle Fanning was also present.

Mrs. Ford, the former Jo Ann Johnson, was graduated with the Class of 1949. James Wright, immediate past president of the ex-student Association, presented her crown.

Margaret Ann, a senior, is the daughter of Mr. and Mrs. W. T. Johnson. She is Student Council secretary; National Honor Society vice president; Piper editor; band drum major, a member of FHA and Lion Club Sweetheart.

Robert Moore, president of the Student Council and member of the Pied Piper football squad, crowned Margaret Ann.

Other high school nominees were Helen Moore, Pam Holtz and Vicki Newland.

Ex-student nominees were Mrs. Roy Rutherford of Hamlin and Mrs. Gene Greenway of Hobbs, N. Mex.

A coffee in the gym followed the Hamlin-Clyde football game.

## Students Trying to Settle Down After Busy Homecoming Week

By Beth Craig  
Helen Moore  
Tommy Oliver

After such a busy week, it is hard to settle down. Everything seemed to happen at once. With six weeks tests and Homecoming, no one had much time.

All seem to be happy with the parade results. In the open school division the Juniors won first. Second place went to the Seniors, and third was given to the Freshmen. The Sophomore Class won first in the high school beauty division. The FFA won second, Spanish Club received third, and the FHA was given fourth.

Margaret Ann Johnson was a very happy senior Saturday night. She was chosen Homecoming Queen by the student body. Robert Moore, president

of the Student Body, placed her crown, and in answer to the question in the Green Door, Robert did kiss Margaret Ann. Three other senior girls were nominated for this honor, they are Pam Holtz, Helen Moore and Vicki Newland.

The bonfire Friday night was hot, but successful. Many ex-students attended the annual affair.

Ex-student National Honor Society members attended the annual coffee in the Homecoming Department Saturday morning. Hosting the event were present members and their sponsor.

Following the Ex-student Association business meeting former homemaking students attended the FHA tea. FHA officers served, wearing their new red blazers and white skirts.

Last week did not seem to go Hamlin's way in football. The junior high eighth grade team lost their game to Haskell, 30-0; the B team and Freshmen lost to Anson, 6-0; and Clyde beat Hamlin 28-0. We hope this week will be better for all and if we all pull together, it will.

New students being recognized this week are Kathleen Hymer and Debbie Tucker.

Kathleen, a sophomore, moved here from Florida where she had attended Redland Junior High School. Her hobbies are swimming and dogs. Her parents are Mr. and Mrs. Dan W. Hymer. He is retired from the Air Force and is employed at Style Cleaners.

Debbie, a freshman, moved here from Anson. She is the daughter of Mr. and Mrs. Otis Tucker. Her father is with Oilwell Supply and her mother works at the Anson Flower and Gift Shop.

## SYLVESTER NEWS...

Cool this morning but real nice and seems as if we could do most anything with all the energy that we have.

We were sorry to learn last Thursday afternoon that Mr. George Parsons farm house burned to the ground. They were not able to save anything at all. Mr. Parsons is living in the home of Mrs. Nona Thompson at Roby.

Know what? We enjoyed twenty four hours of smooth roads and then the rains came! Yep, they are rough as can be again.

Mrs. Ella Scott has improved enough to be returned to Holiday Lodge, having spent many days in Hamlin Hospital.

Mr. Robert Reed was released and came home last Saturday having been in Hamlin Hospital all week.

Mrs. Carra Perkins spent Sunday with the Walter Estes on the ranch, east of town.

Ezell Whitten and May Hurst spent Sunday afternoon in the home of Mrs. John Edwards.

## State Welfare Department to Aid County In Remodeling Building

Jones County will receive help to the extent of several thousand dollars in remodeling one of the buildings they bought recently for office space in Anson.

James Y. Allen, business manager for the Texas Department of Public Welfare, told the Commissioners court Monday that his department would remodel one of the buildings to be used as a welfare office. This will be the south 25-foot space of the building located on the northwest corner of the square.

Allen said it is customary for the state to remodel building interiors. This will include the entrance and the heating. He estimated that the cost might run as high as \$8,000. First step, he said, was to employ an architect. Appointment of this man is made by the governor.

The official estimated that six to nine months may be necessary to complete the work, depending upon how quickly the architect is named and the work is outlined.

Allen said the state would supply the heating system of a size sufficient to heat the two buildings but that the county would have to supply the cooling system inasmuch as it would be kept outside the building and he was limited to interior remodeling. He suggested a colonial style front so that the building would not look like a business location.

The other building will be remodeled by the county and equipped to handle the surplus foods distribution center.

Allen told the commissioners that another employee probably would be added to the Anson welfare office shortly, bringing the total to four.

The building was bought so that office space in the courthouse could be re-arranged in order to provide additional working area for the tax collector.

In other action Monday, commissioners payment of \$3,000

to West Texas Utilities Co. for moving 65 utility poles in the right of way for Farm Road 1226, running south of Funston.

County Judge Leon Thurman was authorized to transfer a small tract of land near the Stamford Oil Mill to the Katy Railroad. It was explained that this was an exchange with the railroad yielding some of their property when the highway was re-routed this spring.

The City of Lueders will be told that the county at this time can not allocate a deputy sheriff to their community. In a letter, from the city secretary Lucille Crow, it was asked that the county give serious consideration to having a deputy sheriff assigned to that city.

Every area in the county would like to have the county supply a deputy sheriff. We can't do it for one unless we did it for all and we can not afford that, one of the commissioners said.

# My Mommy cooks With modern Gas because it's clean

Why is gas cooking so clean? Turn a gas burner off and cooking stops — instantly. There's no hangover heat to make foods burn, stick or boil over. Gas broiling is clean too — because it's smokeless. With gas you broil with the door closed. (The gas flame consumes the smoke.) So if you want to cook clean — get a modern gas range. See them now at gas appliance dealers or Lone Star Gas.
